Addendum #6 – February 6, 2024 – FINAL ADDENDUM

LISNDA Coop Direct Diversion Bid 2024-2025

Each addendum must be initialed below and returned as part of the vendor's submission

1. Responses to questions:

**Is the cooperative wanting the manufacturer to bid FFS beef/pork items going through a distributor directly, or is the cooperative wanting the distributor to bid the items utilizing their drayage fee? If the manufacturer is to bid direct and 2 or more distributors have different drayage fees, do we submit a separate bid for each distributor/drayage or how would you like for us to call-out the differences in the drayage fees? We are going to bid as Fee for Service through our drayage partner (i.e. School place order with us but deliver to our distributor drayage partner). So do we still need to put the distributor code in the spreadsheet?**

We encourage all manufacturers to bid in conjunction with a distributor that can service all delivery locations in Attachment 1. All submitted prices must be NET of commodity value, whether NOI or Fee for Service, and include ALL delivery costs.
